

LMX LINEAR ACCESSORIES

PRODUCT INFORMATION

A wide range of positioning and mounting accessories are available for the LMX Linear Range of Hazardous Area lighting luminaires, allowing them to be positioned exactly where required to optimise light output just where it's needed.

Allows LMX luminaires to be mounted on flat wall and ceiling surfaces.

An LMX Linear with ceiling mounts

The LMBX-CM Ceiling Mount Kit

Designed to allow the LMX Linear range to be mounted to flat ceiling and wall surfaces. It includes all required fixings.

The kit contains:

2 X Stainless Steel Universal Brackets

All required fixings - stainless steel socket cap screws and stainless steel washers

The LMX-AB Adjustable Bracket Kit

Allows LMX Linear luminaires to be ceiling or wall mounted and rotated through to direct the beam exactly where required.

The kit contains:

2 X Stainless Steel Swivel Brackets

All required fixings - stainless steel washers and screws

LMX-PC Pole Clamp Kits

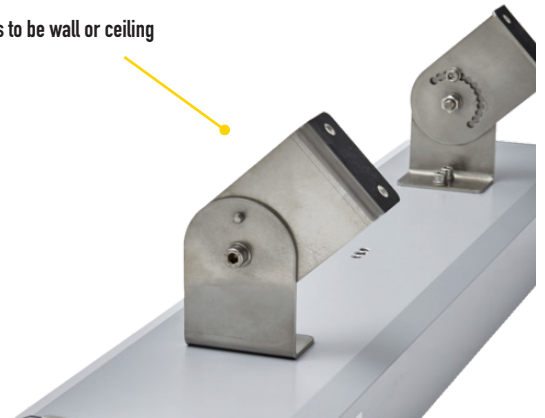

Allow LMX Linear luminaires to be pole mounted, with a pair of stainless steel brackets being used to screw to the back of the luminaire and then clamped around the pole.

The kit contains:

2 X Stainless Steel brackets

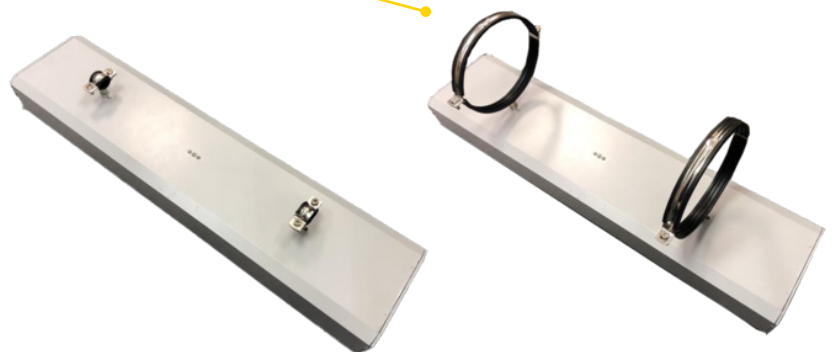

All required fixings

Allows LMX Luminaires to be wall or ceiling mounted and rotated

An LMX Linear with an adjustable bracket - LMX-AB

Allowing them to be suspended or mounted on poles as required

Pole clamps and for the Linear LMX model
